CAST

Design details

*Flip Top
Pivot*

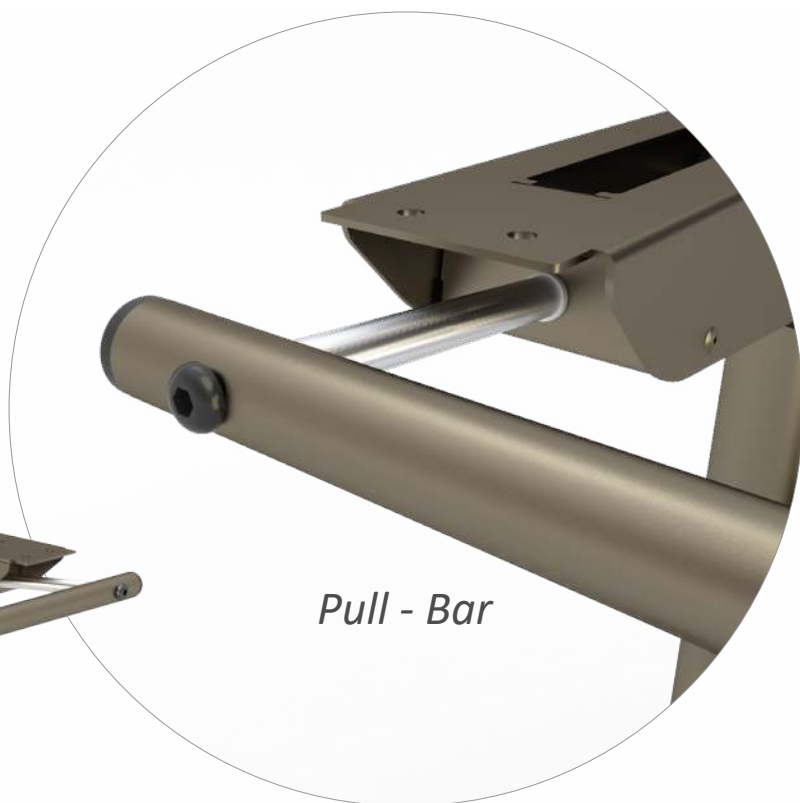

*Reliable & robust Flip Top - Pivot mechanism
with easy glide strip to allow for a smooth neutral
action & plunging motion - Time after time.*

*The Upright is a Ø51mm steel tube finished with a
black bung, paired with a Ø30mm horizontal
Lower Rail with black bolts (as standard).*

Leg - Upright

Pull - Bar

The Pull Bar is a Ø22mm steel tube finished with black bungs and matching bolts (as standard)

The aluminium cast Feet are available in two sizes (9 & 12) depending on the end leg you choose. With matching castors in black & grey.

Cast Feet

*Minimalist
& Modern
to suit any
environment*

Modesty Panel

CAST

Accessories

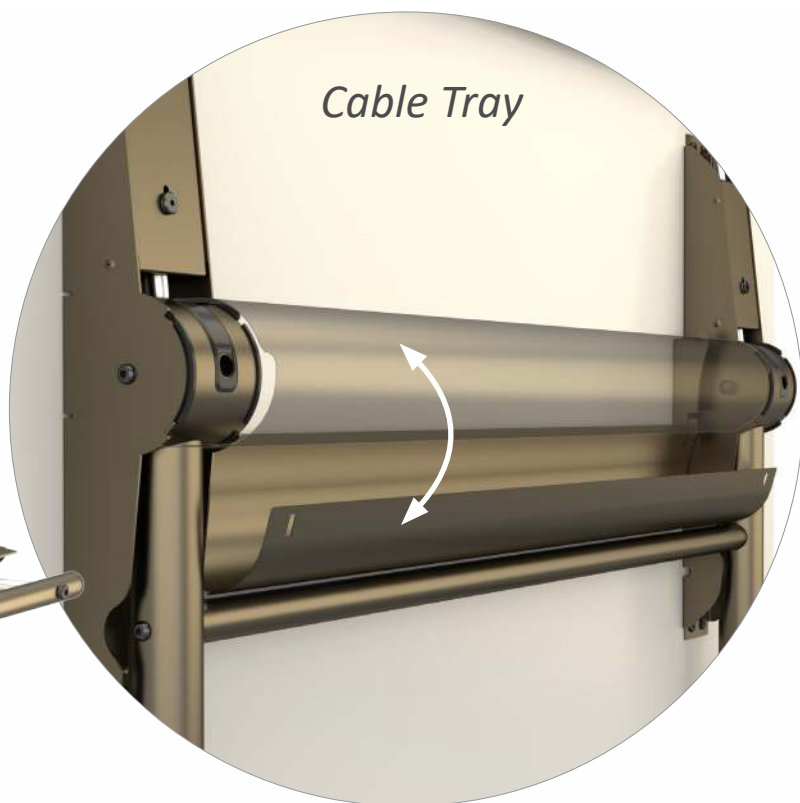

Choose between the two options for a Modesty Panel

- A perforated steel sheet (seen above)
- A hinged bracket to facilitate your own MFC panel

The cable riser clips onto the leg upright, route cables from the floor to the cable tray & desktop.

Cable Riser

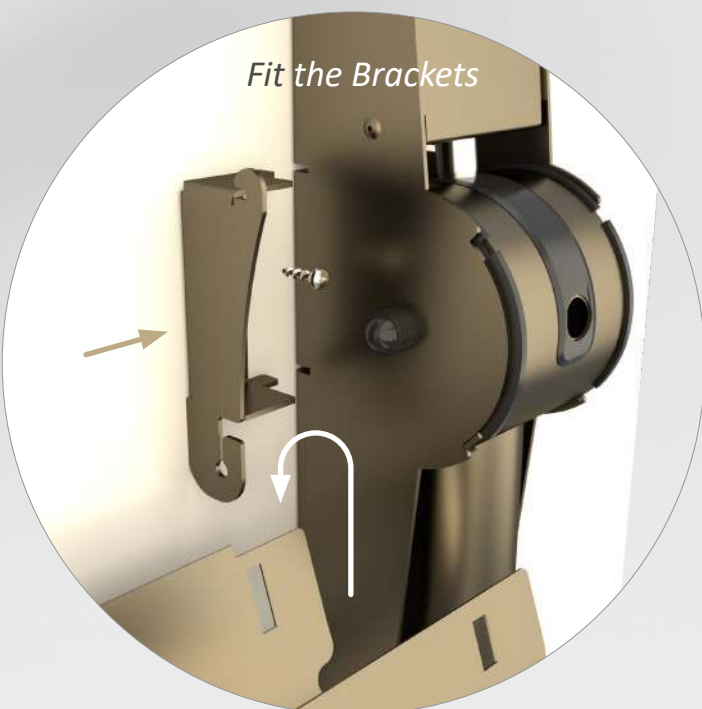

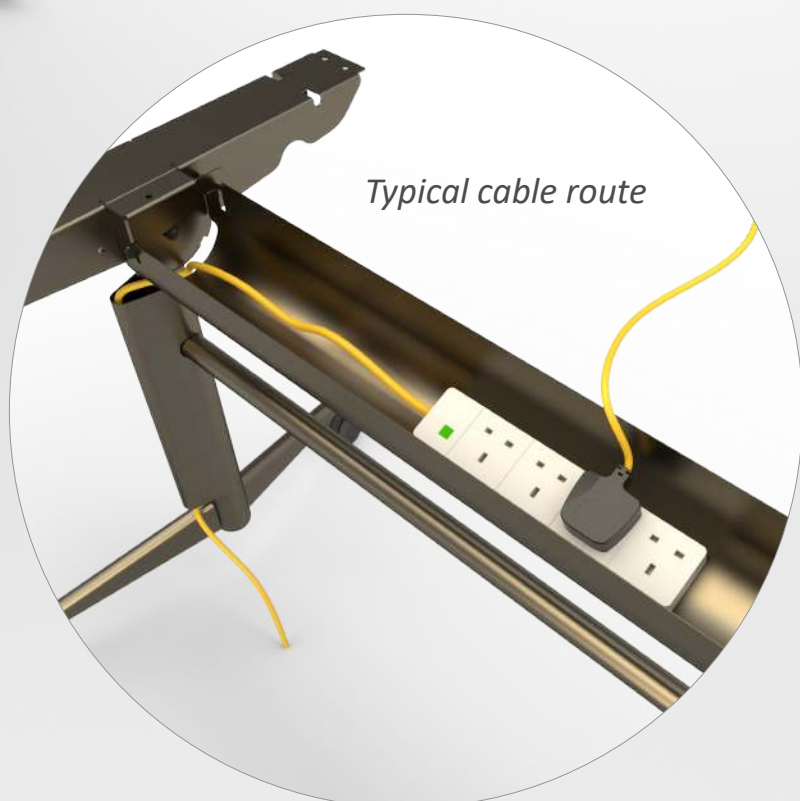

Cable Tray

Access the drop down cable tray in the up position to install cables easily.

Fit the brackets after you have fixed the top in place. The brackets self locate into the top pivot, use wood-screws to secure to the underside of the desktop then hook the tray onto the brackets.

Fit the Brackets
